THE PGA OF AMERICA EXTENDS STAY OF PGA GRAND SLAM OF GOLF THROUGH 2012 IN BERMUDA AT THE PORT ROYAL GOLF COURSE

ORLANDO, Fla., January 27, 2011 – Bermuda and Port Royal Golf Course will return as hosts through 2012 for the 29th and 30th editions of the PGA Grand Slam of Golf.

The PGA Grand Slam of Golf, the season-ending showcase event that boasts the most difficult qualification requirement in the game – a major championship – will be televised Oct 18-19, 2011, and in 2012, by TNT to a worldwide audience.

Bermuda and Port Royal Golf Course are joined by the Fairmont Southampton, which will be the official hotel for the PGA Grand Slam of Golf. Port Royal – described by late architect Robert Trent Jones Sr., as his finest design outside the United States – is a public course that opened for play in 1970, and underwent a \$13.7 million renovation completed in 2009, extending the par-71 layout to 6,842 yards.

“The PGA of America is honored to continue the PGA Grand Slam of Golf tradition on the island of Bermuda through 2012 at the Port Royal Golf Course,” said PGA of America President Allen Wronowski. “Bermuda has embraced the PGA Grand Slam of Golf over the past several years, delivering unmatched hospitality and community support for golf’s elite visiting foursome. We are excited to once again join the Bermuda Department of Tourism in showcasing Bermuda as a premier golf tourism destination and hosting the PGA Grand Slam of Golf to the world.”

Today Bermuda’s Minister of Business Development and Tourism, the Hon. Patrice K. Minors JP, MP, said, “Bermuda is thrilled to once again be hosting the PGA Grand Slam of Golf. In the past four years, our relationship with The PGA of America is one that has grown from strength to strength, and we are pleased that we are continuing this special partnership.

"This announcement clearly signifies that the PGA recognizes Bermuda as a premier destination to host one of their top golf events and we welcome their support of our tourism product. The exposure that Bermuda receives from this event cannot be understated, with tens of millions around the world bearing witness to our breathtaking scenery, charm and hospitality. Past PGA Grand Slam of Golf champions have included some of golf's greatest names, and we look forward to presenting the signature Pink Jacket to the next wave of champions in the years to come."

The PGA Grand Slam of Golf features a \$1.35 million purse, with the winner receiving \$600,000; second place \$300,000; third place \$250,000; and fourth place \$200,000.

TNT's prime-time broadcast of the event reaches a worldwide audience of 88.9 million U.S. homes and international viewers in more than 100 countries.

The PGA Grand Slam of Golf is hosted by the Bermuda Department of Tourism, Port Royal Golf Course and the Fairmont Southampton Hotel. Established in 1979, the PGA Grand Slam of Golf has grown from an 18-hole, single-day charity event to a 36-hole annual showdown that matches professional golf's best against each other. Ernie Els captured the 2010 PGA Grand Slam of Golf title at Port Royal.

The foursome for the 29th PGA Grand Slam of Golf features the winner of the following major championships: The Masters, April 7-10, at Augusta National Golf Club in Augusta, Ga.; the 111th U.S. Open Championship, June 16-19, at Congressional Country Club in Potomac, Md.; the 140th Open Championship, July 14-17, at Royal St. George's, England; and the 93rd PGA Championship, Aug. 8-14, at Atlanta Athletic Club in Johns Creek, Ga. Past PGA Grand Slam of Golf Champions include: Tiger Woods, Phil Mickelson, Jim Furyk, Els, Tom Lehman, Ben Crenshaw, Greg Norman and Nick Price.

PGA of America CEO Joe Steranka attended the event with PGA of America President Allen Wronowski and Hon. Patrice K. Minors, Minister of Business Development and Tourism JP, MP

BERMUDA SPORTING COMPETITIONS ARE A WINNING ATTRACTION FOR TOURISM TO THE DESTINATION

NEW YORK, February 2, 2011 – As Bermuda continues to seek new and innovative ways to attract visitors, it is benefitting from growing interest in its sporting events as a means of growing recognition and business for the destination.

As a case in point, hundreds flocked to the island in January to participate in the 36th Annual Bermuda Marathon Weekend, a combination of adventure and paradise, as runners from around the world compete in a series of events including the grueling Bermuda Triangle Challenge. The Bermuda Triangle Challenge was comprised of three races over three days with four medals awarded to competitors. This year, Bermuda Marathon Weekend organizers witnessed a strong increase in visitor arrivals to the island to either compete or support the race. There were 680 visiting entrants this year, compared to 483 in 2010, the highest number of overseas runners to join since 2004. Additionally, over 250 visitors flew to Bermuda to support the competitors, bringing the total to over 900 – almost doubling the previous year's Bermuda Marathon Weekend.

Eighteen international countries were represented in this year's marathon including Canada, Finland, France, United Kingdom, United States, Cayman Islands, Italy, Kenya, Ethiopia, Ireland, Netherlands, Russian Federation, Ukraine, Switzerland, Jamaica, Panama and the Philippines.

According to Bermuda Marathon Weekend's Race Director Anthony Raynor, the cold temperatures on the east coast and Bermuda's increased visibility for its sporting events such as sailing, golfing and volleyball tournaments are contributing factors for the rise.

"We had a phenomenal turnout this year," said Raynor. "One of the main contributors for the spike in participants was the success of the Bermuda Triangle Challenge. This series allows competitors to run the KPMG Front Street mile, which historically hasn't been open to recreational, visiting runners. Bermuda's ideal climate for active travelers has been a real draw for Bermuda Marathon Weekend participation as well."

According to the Hon. Patrice K. Minors, Bermuda's Minister of Business Development and Tourism, the strength of other sporting events in Bermuda such the popularity of the PGA Grand Slam of Golf, the International Invitational Sailing Race Week and the burgeoning International Volleyball Tournament has helped position Bermuda as a great locale for active holidays. Bermuda announced last week that it would host the PGA Grand Slam of Golf at its famed Port Royal Golf Course once again and through 2012 for the 29th and 30th editions of the championship. Deemed the "Champion of Champions" tournament, the match-up serves as a season-ending showcase event that boasts the most difficult qualification (qualifiers are the winners of the four major golf championships) requirement in golf. The event will be televised by TNT to a worldwide audience.

"We'll continue to partner with companies such as the PGA while also devoting resources to Bermuda-based organizers as we recognize the importance of our sporting sector," said the Hon. Patrice K. Minors, Bermuda's Minister of Business Development and Tourism. "As we continue to focus on new ways to grow our tourism product, we pay ample attention to the success of our sports industry. We're honored to host world-class events and want to provide our active travel visitors with even more memorable experiences in hope that they return year after year."

BERMUDA SHOWS STRONG FIRST QUARTER VISITOR ARRIVAL GROWTH

NEW YORK, April 18, 2011 – Visitor air arrivals to Bermuda increased by nearly 8% in the first quarter of 2011 as compared with the same period in 2010, it was announced today by the Hon. Patrice K. Minors, Minister of Business Development and Tourism for Bermuda.

The number of air arrivals in the first quarter totaled 30,824, as compared to 28,865 visitors arriving by air in the first quarter of 2010. Each individual month in the quarter saw growth over the previous year: January achieved a 5.5% increase, February increased by 2.7%, and March saw a 9.9% increase.

“We are extremely gratified to see these positive arrival trends,” said Minors. “We believe that all the collaborative effort, our focused marketing efforts, very creative packages by the hotels and a significant increase in the group and incentive business are prime factors that have caused this upsurge.”

The largest growth area in air arrivals came from Canada which saw a 50% increase, attributed in large part to additional airlift supplied by WestJet. The first quarter of 2011 brought 6,469 air arrivals from Canada as compared to 4,314 from the previous year.

Air arrivals from the United States grew by 2.7% with air arrivals increasing to 19,705 visitors, as compared to 19,181 from the previous year. Within the United States, the Northeast continued to account for the majority of visitors, however air arrivals from southern states such as Florida (+8.6%) also increased.

Moving into the second quarter of 2011, Bermuda will see additional airlift out of Baltimore and Atlanta gateways with the introduction of service provided by AirTran. The carrier’s Baltimore service commenced on April 7 and Atlanta service will begin on May 26.

Minors noted positive trends for arrivals projected ahead. “Looking ahead for the next six months indicates even more positive news,” she said. “Advanced booking projections of the ten largest hotels that make up more than 75% of room inventory are revealing the most encouraging upturn in business that we have seen in the past four years. Bookings in March increased by more than 20% over 2010 and April’s performance is projected to be up by more than 20 percent as well.

“As a further insight into the upcoming months, our hotels have reported that May and June already have 10% more business on the books. July and August already have 30% and 55% more room nights on the books than at the same period one year ago,” said Minors.

The Bermuda Department of Tourism recently extended its popular **Compliments of Bermuda** promotion, inviting visitors to enjoy every third night free for hotel rooms booked in April. In addition, travelers to the island’s pink sand beaches who book a three-night stay in May will receive the fourth night free, and guests booking a four-night stay in June will receive their fifth night free. The exclusive promotion is available at more than a dozen participating hotel properties, available for booking through May 30 for travel through June 30, 2011.

In addition, the island recently launched www.GoToBermuda.com, the new, official tourism website providing user-friendly access and interactivity, while showcasing what makes the island-destination so distinctive.

“There is a great buzz right now about Bermuda overseas,” said Minors. “So we continue to be very positive that the tourism industry can continue to grow if we all collectively work to this goal.”

BERMUDA DEPARTMENT OF TOURISM PARTNERS WITH PREMIER GOLF TO OFFER NEW CENTRALIZED TEE TIME SYSTEM

HAMILTON, BERMUDA., May 17, 2011 – The Bermuda Department of Tourism is making it easier than ever for golfers to play some of its outstanding courses by partnering with Bermuda Premier Golf to offer a new centralized tee time system.

Bermuda Premier Golf's online system at www.bermudapremiergolf.com allows the potential golfer to select the golf course, tee times, number of players and pay securely online with either Visa, Mastercard or AMEX. Each participant receives a tee time voucher by email which is encoded with a unique barcode to eliminate fraud. Each tee time voucher is presented to the golf course on the day of play. Golfers can use the system to have their tee times booked in advance to ensure they can play the courses they want when they want. Golfers can also search the site by course name, tee times by date and review all details including course descriptions, pictures and videos, offering a rich online experience.

Golfers can also place orders at any time through Premier Golf's call center locally via 441-278-1500 or toll-free at 1-877-450-6412. Premier Golf's Customer Care team based in Bermuda provides an extra level of customer support during business hours.

"We are committed to doing everything possible to make the visitor experience to Bermuda as user-friendly as possible," said The Hon. Patrice K. Minors, Minister of Business Development and Tourism. "We feel this new system will help further cement an already outstanding reputation for being one of the world's most desirable golf destinations."

Bermuda offers more golf courses per square mile than anywhere else in the world. The island features seven golf courses total, with six of championship caliber. Characterized by spectacular scenery, including dramatic ocean vistas, as well as firm fairways and an unpredictable wind factor, the island's courses are renowned for both their beauty and challenge. Undulating greens are attributed to preponderance of underground limestone caves.

Golf courses participating in the new centralized tee time system include: Belmont Hills, Fairmont Southampton Golf Club, Ocean View Golf Course, Port Royal Golf Course, Riddell's Bay Golf & Country Club and Tucker's Point Golf Club.

Bermuda is also host to the PGA Grand Slam of Golf taking place October 18 – 19, 2011. The PGA Grand Slam of Golf is hosted by the Bermuda Department of Tourism, Port Royal Golf Course and the Fairmont Southampton Hotel. The season-ending showcase event that boasts the most difficult qualification requirement in the game – a major championship – will be televised by TNT to a worldwide audience.

All visitors must arrive by air and stay at a Bermuda hotel property as verified by the Bermuda Department of Tourism. Cruise visits do not qualify.
